STOCK MARKET IS PARALYZED

After a fortnight of activity scarcely equalled in two years, the stock market has been struck dead or next thing to it. As the late rise in raw sugar has held, the only reason left for this stroke of paralysis is the political one. Until there comes reassurance of the fate of the sugar tariff at the present session of Congress any revival of business in Hawaiian securities will not be expected.

There are buying orders enough but from people who look for lower prices than holders will concede, and the fact that there is no rush to sell for anything the market will yield keeps the situation out of the panic class. Asking prices down the line are just a shade above bids, while in several cases bids are equal to, or only slightly below, last sale quotations. So far there is not what can be called a slump in prices, as these are still generally above quotations of the last previous depression.

Oahu and Ewa are the only stocks near one and three-eighths down at 27 changing hands in today's list, the former for 50 shares between boards and 5 shares at session, and Ewa half a point off at 31.75 for 20 shares between boards.

BUSINESS JOTTINGS

On the 27th inst. a meeting will be held by the Maui Loan Fund Commission in conjunction with the Board of Supervisors for the purpose of conferring upon the expenditures of the next apportionment of the appropriations for Maui, viz., \$147,000 for roads, \$15,000 for Kula pipe line and \$5000 for miscellaneous schools. The Maui schoolhouse is to be completed, and work on the pipe line to go right ahead.

The last hundred days will go down in the history of Kula as the worst period of drought in 23 years. The dead and dying cattle; the strident, yellow, withered grass; the dust covered roads, bushes and trees give a mute, sad testimony to the havoc played by the prolonged drought. But for the pipe line many people would have been compelled to move out of Kula. We of Wailuku, who always have a plentiful supply of water, can scarcely imagine the hardships the Kula people experience. The fully completed Kula pipe line and its extensions will prove a boon and a blessing to that dry section of the Valley Isle which can hardly be overestimated.—Wailuku Weekly Times.

That there will be a big rise in the price of coffee in the near future is the opinion of William S. Terry, the well known Hilo coffee expert. The price has been going down for a long time, he states, and should now be due for a raise.

Hilo is growing fast. Within a few weeks time the following new firms will be doing business in the town. Von Hamm Young, Wilfong & Deah, Honolulu Iron Works, Hofschlaeger & Co., and still there are more to come. Hilo is growing.—Hilo Tribune.

OFFICERS BEATEN IN "BLIND TIGER" RAID

Special policeman P. A. Horabacher and Robert Holbrun are suffering from bruises, the result of a raid on a Hustace cottage in Kewalo last night where "Dago red" was being sold. The Hawaiian who made the assault escaped and a warrant for his arrest will be issued today.

In company with License Inspector Fennel, the raiding officers had just entered the resort when a native stepped forward, landed several well directed blows, and made his escape out of the rear door while the proprietor, Robert Kuli, was arrested. Marked money paid for some beer by the informer was found in the possession of Grace Kawa. Several arrests were made and the liquor confiscated.

COSTS YOUNG WOMAN \$3 FOR DANCING BEAR CAT

It cost Sara Kin, a Hawaiian, just \$3 and costs, to dance the "bear cat" with her husband last night, although her husband, being a swifter runner than his wife, did not appear at all to answer to the charge. The terpsichorean exhibition was held about 9 o'clock last night in front of the Central Union church.

When the police arrived upon the scene, the pair were hard at it, urged on by an admiring audience of fifty people, which rapidly dispersed upon the arrival of the detectives. When Sara was arraigned before Judge Monarrat this morning she pleaded "drunkenness."

At a special meeting of the harbor commissioners Saturday the decision was reached to extend the Oceanic wharf by at least seventy feet on the mauka end to provide berths for two ocean going steamers. The harbor end of the adjoining wharves will be removed, the coral dredged out and shed room provided at the foot of Fort street.

Announcement was made this morning that the Oahu Country Club ball, scheduled for the evening of July 27, next Saturday, has been postponed for just a month, until the evening of Tuesday, August 27.

Several large affairs are scheduled for next Saturday evening, and as the Country Club ball is to be a housewarming in celebration of the completion of the new quarters, the members desired to get an evening when there would be no conflict of social dates.

Place—Hospital in Pueblo, Colo. Cause—Chronic Bright's Disease of fifteen years' development.

Prognosis—Recovery impossible and patient (a Mr. Gaden) was so advised and that he could remain or go home.

On arrival at Center, Colo., could not sit up alone in bed. A local physician was called. He, too, said he could not recover and prescribed for his heart.

It did not look like the patient could live a week when a new agent was added to the treatment.

In ten days patient was sitting up; in twelve could walk outdoors. He made a slow but steady recovery. He weighed 190 lbs. at last advises.

These facts were given up by his wife, Mrs. Mary Gaden of Center, Colo.

Both physicians were mistaken as to the possibilities.

The new agent employed as above was Fulton's Renal Compound. It does not conflict with the physicians' prescriptions. But it does change the prognosis from despair to hope in many cases.

Over nine out of ten of the dead from kidney trouble show Bright's Disease. This is a census fact that kidney troubled people ought to know.

Do you drop in at the most convenient store and take any FACE POWDER or CREAM that may be handed out to you, or that you happen to know by name?

Many face powders contain bleaching chemicals that are dangerous to use—others are made in three or four shades, each shade intended for a certain type of complexion. Some rouges show for a blot, while a touch of the right kind cannot be detected.

JURGENSEN WAS DOIN' IT

George E. Jurgensen, with the passenger department of C. Brewer and Company, the agents for the Oceanic Steamship line, and a passenger in the liner Sierra, from San Francisco, certainly made his jangle of friends assembled at the wharf believe that things were stirring in the coast.

"Georgie" completed a round trip in the Sierra on vacation and pleasure bent. He brought back a toisterous piece of "man millinery" displaying a large flamboyant band bearing the words "Everybody's doin' it now."

Just what the well known steamship man really did while away from the shelter of the nodding cocoanut and nodding palm, even Purser Tom Smith and Chief Steward Hackett, hesitate to relate, save in most guarded tones.

However Jurgensen bared the coast from the fog bound coasts of British Columbia to the hot ridden fastness of southern California.

In explanation of the inscription on

his hat band, he claims that it applies to the general sentiment regarding tourist travel Honoluluward, for he insists that "everybody's doin' it" judging from the bookings on file at the San Francisco Oceanic office.

AUTO DAMAGES HACK IN FORT STREET COLLISION

Frederick Blackburn, a driver for the City Hackstand Co., complained to the police this afternoon that he was run down by Deputy Assessor Arthur W. Neely in an automobile on Fort street extension near the stream shortly before noon today and that although Neely's rear wheel knocked the hub cap off the front wheel of Blackburn's hack, Neely did not stop but continued on his way into town.

Both were bound towards town at the time the accident happened. Neely sounded his horn for Blackburn to turn to the right in order to permit Neely to pass him on the left but although Blackburn turned for Neely, he turned back to the middle of the road before Neely's machine had cleared with the result that the hub of the rear wheel of Neely's machine knocked the hub cap off the front wheel of Blackburn's cab.

Policeman Abreau went over the ground with Neely, with the result

that the government official was exonerated from all blame in the matter.
